### **Examiner's Amendment**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification:

(1) On page 8, line 24, "X" has been changed to --14--.

(2) On page 11, line 6, "X" has been changed to --20--.

In the Claims:

(1) In claim 1, line 5, "may" has been changed to --can--.

(2) In claim 4, line 4, "point" has been changed to --points--.

(3) In claim 5, line 5, "may" has been changed to --can--.

(4) In claim 5, line 18, "point" has been changed to --points--.

2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Ronald M. Kachmarik on December 2, 2004.

### **Reasons for Allowance**

The following is an examiner's statement of reasons for allowance:

Claims 1-6 are allowable over the prior art of record because none of the prior art taken alone or in combination thereof shows or fairly suggests the claimed subject

matter. Specifically, the claimed knob handle having an end portion pivotally connected to a knob of a tensioning mechanism of a chain saw and having a lock portion extending from the end portion with a plurality of handle engagement points extending from the lock portion for engaging with a plurality of fixed engagement points fixed relative to a clutch cover of the chain saw for locking the knob handle in a locked position is not shown or made obvious by the prior art of record or any combination thereof.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **Prior Art Citations**

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Edlund '650 and '618, Muller et al., Moody and Hermes et al. are cited as art of interest.
